

School for Inspiring Talents

Term Planner - Summer 2024

Jungle Class

Maths

The four operations:
We will continue consolidating our knowledge of the four operations, focusing particularly on multiplication and division before dipping into some work with fractions.
Some of the class will also be exploring angles, transformations and statistics.

Food Tech

We will continue to cook every week creating healthy dishes in a social environment.

Computing

We'll continue our wonderful work with Marc from Sound Communities while also returning to Purple Mash & the fascinating world of coding.

PSHE / RSE

This term we will be exploring Healthy Lifestyles:

Elements of healthy lifestyles
Mental wellbeing
Physical activity
Healthy eating
Body image
Medicinal drugs

Music

This term the focus will be Samba and we will be learning several instruments to use within an ensemble.

R.E.

World Religions:
We will be continuing our exploration of different religions, considering similarities and differences.

Physical Education

This Summer term we're focusing on Tennis and Dodgeball.

These two sports help students develop their skills such as hand-eye co-ordination, foot-work, reflexes and team-work, while keeping fit and having fun together.

Forest School

Focus on self-awareness, relationship-building & enjoying time in nature. Cooking fajitas, pancakes and pizza rolls. Creating dens, big art with nature and sensory treats.

Literacy

Guided Reading:
Our book this term is *Wolf Brother*. We will be focusing on comprehension and retrieval skills.

Writing:
The Paperbag Prince is an old man living in a railway carriage on a rubbish dump. But he knows that even rubbish can sometimes contain treasure, and that if he stays long enough, gentle nature will heal the countryside and make the green come again.

Project-Based Learning

Our big question is -
How do torches work,
& can I make my own?

As Design Engineers we will:
Learn about electronics
Explore how to combine our knowledge of electrical circuits with design to create a variety of fun and useful products

As Scientists we will:
Study Physics

As Artists we will:
Find out about abstract art: linking to our work on light in Science with colour theory and our work in DT creating 'Doodlers'.
Learn about the artist Wassily Kandinsky, creating our own abstract art replicating his style and process.

Lifeskills / Preparing for Adulthood

We'll continue to work on skills like telling time, reading and understanding public transport timetables independently, working with and budgeting money and identifying fake online content.
