Organisation/School Context

Life Chance Group is committed to transforming the life chances of the young people and families with whom we work, thus benefitting the wider community. Our Mission is to ensure we help every young person we work with achieve their full potential, both academically and personally.

At School for Inspiring Talents, we aspire to being outstanding, so our students can be too – as exemplified in our school motto: *‘Being the Best We Can Be’*. Our young people have suffered Trauma, Adverse Childhood Experiences (ACEs) and exhibit Social, Emotional and Mental Health (SEMH) difficulties, so our educational specialists, Multi-Disciplinary Team (MDT) of therapists and support staff all work together to create an environment that meets the holistic needs of students with difficult and/or complex life stories. We believe young people do not have to be bound by the past but can build a bright future with the right support, based on best practice evidence within the fields of neuroscience, child development and learning/teaching.

Our therapeutic approach extends beyond our students, ensuring a safe and supportive workplace culture to *‘Care, Nurture and Inspire’* all who work with, and for us. This includes a commitment to always promoting and supporting positive mental health and wellbeing. As a company, we maintain a strong moral purpose and consistently strive to break down the barriers faced by young people. In addition to the progress achieved within our school, Life Chance Training, Life Chance Care, and the Life Chance Trust all work in unison to ensure our vision, *‘to transform life chances’*, becomes a reality, not only in our local communities, but beyond.

Statement of Intent for this Policy

This policy is underpinned by Sections 42A and 45A of the Education Act 1997, and has due regard to the DfE's statutory guidance, '*Careers Guidance and Access for Education and Training Providers*'.

The main aims of careers provision at Sfit are to:

- Prepare students for life post-education.
- Develop an understanding of different career paths and challenge stereotypes.
- Develop an understanding of the differences between school and work.
- Inspire students to chase and achieve their dreams.
- Help students to access information on the full range of post-16 education and training opportunities.
- Support students after leaving school.
- Offer targeted support for vulnerable and disadvantaged young people.
- Promote a healthy attitude towards work.

Statutory / Legislative Basis

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

- Education Act 1997
- Education and Skills Act 2008
- Apprenticeships, Skills, Children and Learning Act 2009
- Equality Act 2010
- Children and Families Act 2014
- Technical and Further Education Act 2017
- The School Information (England) (Amendment) Regulations 2018
- DfE (2021) '*Careers Guidance and Access for Education and Training Providers*'

Monitoring, Review & Evaluation (MRE): Compliance - Consistency – Impact

1. Monitoring, Review and Evaluation (MRE) is undertaken to ensure that we are delivering on what we say we want to achieve. There is a comprehensive action plan and schedule, details of which are found in our MRE and QA Plan. In the interests of equity and high expectations for all our students, we are continuously checking for:
 - Compliance and for Quality
 - Implementation match with our Intent
 - Consistency between staff and sites
 - And to ensure value for money for our Referring Local Authorities.
2. Our school staff are part of our school culture of continuous improvement based on supervision, self-reflection, peer working, and CPD. Daily staff briefings and debriefings provide immediate feedback and strategies for even greater success next time round. Our framework for MRE is achieved via 3 key approaches:
3. **Accountability MRE**
 - The Non-Executive Directors Link Portfolio Visits and Observations
 - Director Monitoring of all Independent School Standards (ISS) Themes annually as part of a rolling programme
 - Termly Directors Scrutiny of the CEO & Principal Reports to the Directors
 - Termly H&S checks
 - Directors Involvement in the cycle of Policy Review

- Financial and Curriculum Resource Monitoring
4. **Internally**
- Our annual Self Evaluation Position Statement (SEPS) aligned with Ofsted Evaluation Areas and Grade Descriptors
 - Individual Student Assessment Framework and Trackers
 - CEO & Principal's Observations, Spot Sampling and Random Checks
 - Monthly Senior Leadership Team (SLT) Progress Reviews of the Operational School Improvement Plan (OSIP)
 - HoC, DP and Subject Leaders Monitoring including Learning Walks and Deep Dives
 - Appraisal & Performance Management approaches
 - SchoolPod, CPOMs Incident Logs Reviews and Spot Sampling, plus trend monitoring across the year
 - Weekly safeguarding meetings
 - Staff Briefings and Debriefs
 - Student Voice Surveys
 - Peer Reviews through Team Working
 - CPD Evaluations
5. **Externally**
- Referring LAs' Annual Health Checks and Audits
 - Commissioned Reviews of aspects of practice – specialist and generic e.g., Behaviour, Health & Safety
 - Feedback from submissions for Awards and Quality Standards e.g., TISS
 - Parent / Carer Feedback e.g., via Class Dojo
 - Ofsted Monitoring and Inspection Visits
 - User Schools Feedback

Developing our Specific Careers Programme

1. The school will have its own careers programme in place which meets the requirements of the eight Gatsby Benchmarks. The programme will be reviewed annually against the benchmarks to ensure we remain on target.
2. The school will demonstrate how it is working towards each Gatsby Benchmark, as part of its career's summary, including the aims, objectives and activities provided for each year group.
3. Regular feedback from students, parents, teachers, and employers will be invited. Feedback will be used to contribute to the development of the school's careers programme to ensure it meets the needs of all students.
4. A careers leader will be appointed to ensure the leadership and coordination of a high-quality careers programme. The careers leader is recruited alongside the suggested requirements to ensure the role is correctly fulfilled.
5. The following will be published on the school's website:
 - The name and contact details of the Careers Leader.
 - A summary of the careers programme, including how information about the programme may be accessed.

- Details of how the school measures and assesses the impact of the careers programme on students.
 - The date and review schedule of the career's information published.
6. A Careers Adviser will be appointed to support the Careers Leader and to provide individual, tailored careers guidance to students.
 7. The Principal and Heads of School will work with Enterprise Coordinators to build Careers and Employer Engagement Plans to broaden the range of guidance to which our students have access.
 8. The school will work towards the [Quality in Careers Standard](#) to support the development of its careers programme, ensuring the programme is reviewed termly to ensure it is in line with the required standards.

Using Labour Market Information

9. The school will ensure every student, and their parents, has access to high-quality information about future study options and labour market opportunities. Students and their parents will be referred to an informed adviser to help them make best use of the information available.
10. The school will ensure students and their parents understand the value of finding out about the labour market and support them in accessing this information. Students and their parents will be provided with information on the benefits of understanding the labour market, including the salaries and promotion opportunities for different jobs, and the volume and location of vacancies across different sectors.
11. The school will ensure that all students, by the age of 14, have accessed and used information about Career Paths and the labour market to inform their own decisions on study options. Students will be provided with the necessary links and information that will enable them to access this. Access will be monitored to review whether students are making the most of the service, and if not, what can be done to ensure they do.
12. Parents will be encouraged to access and use information about labour markets and future study options to inform their support to their children.
13. The school will make use of Local Enterprise Partnerships (LEPs) to provide students with presentations and workshops on the local labour market and employer expectations. The information provided through the partnership will be used to shape career guidance and workshops in schools.
14. To support social mobility, the school will work to raise students' aspirations and tackle stereotypical assumptions. Interventions will be used to tackle gender stereotypes; arrangements will be made for students to talk to employees who work in non-stereotypical jobs to raise awareness of the range of careers that require STEM qualifications.
15. The school will use labour market information, such as job roles, pay and vacancies, to inform students about the trends and opportunities in each industry. Information about a diverse

range of **Progression Pathways** will be shared with students, including technical routes, to strengthen their capacity to make effective choices.

Addressing the Needs of Students

16. The school's careers programme will aim to raise the aspirations of all students whilst being tailored to individual needs. The programme will inform students of the range of opportunities available to them, encouraging them to aim higher and make choices relevant to what they feel they can achieve.
17. The school will embed equality and diversity considerations throughout its careers programme and actively seek to challenge stereotypical thinking.
18. All forms of stereotyping will be prohibited in the careers advice and guidance that is provided, to ensure students of all genders, backgrounds and abilities can consider the widest possible range of careers.
19. The school will tailor careers activities and educational goals to the needs of each student, considering their prior knowledge and skills, the choices they may face, and any additional support they may need to overcome barriers to progression.
20. Comprehensive and accurate records will be kept supporting the career development of individual students at all relevant stages of education, beginning from the first point of contact. These records will be stored securely. Access to this information will be permitted, should a student or their parent request it.
21. Destinations Data will be retained by the school for at least three years.
22. Data retained will be collected, stored, and managed in line with the **Data Protection Policy** and **Records Management Policy**
23. The school will collect and analyse destinations data to assess how well the careers programme is countering stereotypes and raising aspirations. The data will be reviewed by the Principal, Heads of School, and Careers Leader on an annual basis and then be used to base further development of the School's Career Guidance Plan on the results and areas of success or failure.

Providing Targeted Support

24. The school will work with the LA, children's social care and VSHs to identify students who need targeted support or those who are at risk of not participating in **Post-16 Pathways**.
25. Agreements will be made on how these students can be referred for support drawn from a range of education and training support services available locally. The school will share the relevant data on these students with the LA and local education and training providers where support costs may be required, such as care leavers and students who are eligible for FSM.
26. The school will work in partnership with our commissioning schools and LAs as well as post-16 providers to provide support and advice on transitional pathways into FE or training.
27. The school will work with Jobcentre plus under their '*Support for Schools*' programme.

28. The school will ensure that students understand the programmes available to support them and the financial costs associated with staying in post-16 FE. To support students who are likely to need support with post-16 participation costs, such as those with SEND, the school will work with the LA and local post-16 education or training providers to share student data and ensure these students receive such support.
29. Students will be made aware of the **16-19 Bursary Fund**, which has been devised to support those individuals with a financial hardship. They will be advised of how to access this funding and who they should speak to in order to find out more information.

Supporting Students With SEND

30. The school will ensure that careers guidance is differentiated, if appropriate, and based on high aspirations and a personalised approach. **The SEND Local Offer** will be utilised; annual reviews for a student's EHC plan will be informed by good careers guidance.
31. The Careers Leader will work closely with the SENDCo and other staff to support students with understanding different career pathways and how to develop the necessary skills, knowledge, experience, and qualifications to succeed and fulfil their potential. The school will work with families of students to help them understand what career options are available.
32. Surveys will be conducted to find out individual students' aspirations. The results of the surveys will create careers guidance and experience that will be tailored to students needs based on their own aspirations and abilities.
33. Careers Guidance will take account of the full range of relevant education, training, and employment opportunities. It will inform students about the ways employees with SEND are supported in the workplace, and how jobs can be adapted to fit a person's abilities. Guidance will focus on a student's career aspirations and the post-16 options which are most likely to give the student a pathway into employment or HE.
34. The school will build partnerships with businesses and other employers, employment services, and disability and other voluntary organisations. Students will be prepared for encounters with employers and provided with any special support that will allow them to benefit fully from the experience.
35. Students with SEND will have the opportunity to hear from adults with disabilities who have succeeded in their careers as part of the school's successful careers strategy.
36. When arranging work experience for students, the school will work with the employer to determine any additional support that will be needed during the work placement.

Linking Curriculum Learning to Careers

37. The school will work to encompass careers education and guidance into subjects across the curriculum. All teachers will be asked to support the career development of young people in their role and through their subject teaching.

38. Students are expected to study the core academic subjects at GCSE, including English, maths, science, history or geography, and a language. Students will be informed that if they do not achieve a grade 4 or higher in GCSE maths and English by the end of KS4, they will be required to continue working towards this aim as part of their 16-19 study programme.
39. The school will ensure that, by the age of 14, every student has had the opportunity to learn how various STEM subjects aid their entry into a wide range of careers and enable them be more effective workers. The same will be applied for every student in their chosen subjects by the end of their course of study.

Enabling Encounters with Employers and Alumni

40. The school will engage with local employers, businesses, and professional networks, inviting visiting speakers, particularly alumni with whom students can relate to. Every student will be exposed to the world of work by the age of 14.
41. Every year, from the age of 11, students will participate in at least one meaningful encounter with an employer; at least one of these encounters will be with a STEM employer or workplace. These encounters could include:
 - Careers events such as careers talks, careers carousels and careers fairs.
 - Alumni activities.
 - Transitions skills workshops such as CV workshops and mock interviews.
 - Mentoring and e-mentoring.
 - Employer delivered employability workshops.
 - Employer encounters with parents.
 - Employer involvement in the curriculum.
 - Business games and enterprise competitions.
42. The school will develop strong links with local, regional, and national employers across all sectors to help students obtain information on, and participate in, the rollout of T-levels.
43. The Careers Programme will have a strong employer focus, allowing students to meet with sector representatives and businesses, to gain insights into a range of industries and sectors. Students will have the opportunity to meet with individuals from different levels within an organisation and those who have followed a variety of pathways into employment.

Providing Work Experience

44. The school will ensure that all students have had at least one first-hand experience of a workplace by the age of 16, additional to any part-time jobs they may have.
45. The school will ensure that, by the age of 18, or before the end of their programme of study, every student has had at least one further first-hand experience of a workplace, additional to any part-time jobs they may have.
46. Where required and appropriate, virtual experiences of the workplace will be used to complement the in-person experience. This method will not be used for T-level industry placements.

47. The school will encourage students to experience a wide variety of workplaces and support them to plan for, reflect upon, and learning from these experiences.
48. Work Experience will be designed to meet the needs of individual students, with particular consideration for students with SEND. The school carefully match the placement to each student's ability, needs and aspirations. The school will work with the employer to put in place additional support within the work placement for students with additional needs, where required, and help prepare the student for the work placement.
49. 16-19 study programmes will require high-quality and meaningful work experience. A flexible approach will be adopted for younger students. Experiences of the workplace by the time the student is aged 16 could include the following:
 - Workplace Visits
 - Job Shadowing

Enabling Encounters with Further Education (FE) and Higher Education (HE)

50. The school will ensure all students understand the requirement to remain in education or training until their 18th birthday and what this requirement means for them. The school will ensure students are aware that this does not mean they need to stay in school, and that they may:
 - Study full time in a school, college or with a training provider.
 - Undertake an apprenticeship, traineeship, or supported internship.
 - Work or volunteer 20 hours or more a week, combined with part-time accredited study.
51. The school will provide students with a range of information and opportunities to learn about the academic and technical pathways for education, training, and career paths throughout their school life, to prevent last minute decision-making.
52. By the age of 16, every student will be provided the opportunity to have a meaningful encounter with providers of educational opportunities, including sixth forms, colleges, universities, and apprenticeship providers.

Providing Personal Guidance

53. Careers advice provided by the school will be unbiased and maintain the best interests of individual students at all times. The school **will not** promote particular career or progression routes as better or more favourable than others; however, students will be advised, where evidence supports it, whether a chosen course has the potential to lead to poor career outcomes.
54. All students will be provided with opportunities for personal guidance interviews with a qualified careers adviser. Such interviews will take place by the time the student reaches age 16, with the opportunity for a further interview by the age of 18.
55. Careers advisers will meet the professional standards outlined by the [Career Development Institute](#). The school will integrate personal guidance interviews within the pastoral system so that they can be followed up by the form tutors or equivalent.
56. Careers Advisers working with students with SEND will use the outcome and aspirations in the EHC plan to focus discussions. Careers advisers working with LAC or care leavers will use

their personal education plan to focus discussions. These students will have a named adviser who will build a relationship with them to better understand their individual needs.

Sharing Information

57. The school will provide the relevant information about all students to the LA support services including:
 - Basic information, such as the student's name or address.
 - Other information that the LA requires to support the student to participate in education or training to track their progress.
58. The school's privacy notice will offer students and their parents the opportunity to ask for personal information not to be shared.
59. LAs will be notified, as early as is possible, whenever a 16- or 17-year-old student leaves an education or training programme before completion. The school will agree on local arrangements for ensuring these duties are met.

Monitoring and Review

60. The Directors, in conjunction with the Principal and Careers Leader, will review this policy on an annual basis, considering the success of supporting students in accessing post-16 education and training. They will make any necessary changes to this policy and will communicate these to all members of staff.
61. The next review date for this policy is March 2025

Appendix 1

Careers Survey – Plans for Your Future

This survey is intended to help you begin thinking about your career path when you leave school. Each year, this survey information will be updated to reflect your changing perspective on your aspirations as you get closer to leaving school. This information will also serve as a guide to your teachers in deciding which classes and educational experiences you should have to help you be successful in the kind of life you want to have after secondary school.

Name		Date of Birth	
Year Group		Date	

Careers

When will you complete your GCSEs?	20____
---	--------

Please tick as many boxes as you wish below, and answer the relevant questions, to indicate what you would like to do following completion of your GCSEs.

Job Role	
What kind of job role appeals to you?	
What support and qualifications, if any, do you think you need to achieve this career path?	
Sixth Form <input checked="" type="checkbox"/> <input type="checkbox"/>	
Which sixth form?	
What would you like to study?	
What support and qualifications, if any, do you think you need to begin your chosen programme of study?	

University

Which University?

What would you like to study?

What support and qualifications, if any, do you think you need to begin your chosen programme of study?

College

Which College?

What would you like to study?

What support and qualifications, if any, do you think you need to begin your chosen programme of study?

Apprenticeship

Which sector?

What support and qualifications, if any, do you think you need to begin your chosen apprenticeship?

Military <input checked="" type="checkbox"/> <input type="checkbox"/>	
Which Branch?	
What support and qualifications, if any, do you think you need to begin your chosen military course?	

Hobbies

What do you enjoy doing in your spare time?

Do you wish to pursue a career in relation to any of these hobbies? If yes, please indicate below.

How could the school help you to develop your hobbies?

Year 11 only

Have you arranged work experience for <u>date</u> to <u>date</u> ? (Please circle)	Yes/No
If 'yes', where will you be working?	
If 'no', how can the school help you to arrange work experience?

Destinations Survey – Plans for Your Future

This survey is intended to gain an insight into the career paths of students who have completed their time of study at Sfit. This survey will also support our school in providing evidence for how our current careers programme has impacted on past students. Please fill in the questions below and return the survey back to the school.

Name		Date Of Birth	
Year Group		Date	
Address			

1: Study	
Are you applying for a place at a university or college? (Please circle – If 'no', please go to section 2)	Yes / No
Have you been offered a place at a university or college? (Please circle)	Yes / No
How many offers have you received?	
Are the offers you have received conditional or unconditional?	1. 2. 3. 4. 5.
If the offer is conditional, are you confident that you will achieve the grades necessary for the course? (Please circle)	Yes / No
Will you accept an offer? (Please circle)	Yes / No
If you answered 'no' to the question above, why will you not be accepting an offer?	
What university or college would you like to be studying at?	

What is the title of the course you will be studying?	
Is the course full time?	Yes / No
What career path do you wish to pursue with your chosen programme of study?	

2: Employment	
Are there any job roles you wish to pursue? (Please circle)	Yes / No
If you answered 'yes' to the question above, please give details of your desired job role.	
Have you secured a job role? (Please circle – if 'no', please don't answer the following three questions)	Yes / No
What is the job title?	
What is your role?	
Is this job role what you aspired to achieve during your time at our school? (Please circle)	Yes / No
